

# SDEC returners

- 15% of the patients in SAMBA23 were planned SDEC returns
- 3826 patients in total were assessed in SDEC
  - 37% were planned returns
  - The rest were unplanned admissions
- 89% of planned returners had a clinician review
- This is taken from SAMBA data summer 2023

*Other reasons for return included procedures, specialty input, IM/subcut medication*
